6. REGULAR CALENDAR
   A. Report from ad hoc committee and possible approval of proposal: Los Angeles County Local Agency Formation Commission (LAFCo) Municipal Services Review and change of Sphere of Influence: Ms. Burnam reported that the committee deliberated on the factors compelling boundary expansion. These include the ability to work in all of the Santa Monica Mountains and adjacent areas that impact the resources and wildlife thereof; the desire to provide services to areas not currently benefitting from an RCD; and the appropriateness of the services we offer in natural resource protection and education to the adjacent
unserved regions. Proposed boundary changes would make the RCD more consistent and compatible with major partners like the National Park Service’s Rim of the Valley plan, California State Parks and the Mountains Recreation and Conservation Authority’s holdings.

The committee recommended that the Board adopt a plan to request expansion in Los Angeles County east to the Verdugo Hills and north to the Antelope Valley RCD border, including the San Fernando Valley, and in Ventura County expand west to Point Mugu and into the cities of Thousand Oaks, Westlake Village, Moorpark and Simi. The RCDSMM would negotiate with Ventura County RCD to transfer some “donut hole” or “peninsula” open spaces between cities within the Santa Monica Mountains. The expansion would include portions of the City of LA and the cities of Burbank, Glendale and San Fernando. The Board reviewed various maps and deliberated the feasibility and opportunities of each area, then voted to approve the committee recommendation. **Moved/Seconded: Mr. Rosentsweig/Ms. Price; approved 4-0.**

**B. Approval of Interagency Agreement C1941021 with CA Department of Parks & Recreation for the Trippet Oak Restoration Project:*** Mr. Hendra described the work this agreement will fund, including planting 100 oak seedlings and 100 acorns at Trippet Ranch. **C. Approval of Funding Enhancement of up to $220,000 to National Park Service Task Agreement P19AC01161: Post Woolsey Fire Control of Invasive Plants:** Mr. Hendra explained that NPS has requested to enhance the funding for this project, which was approved by the Board in September of 2019. The Board voted to approve the funding enhancement. **Moved/Seconded: Ms. Burnam/Ms. Price; approved 4-0.**

**D. Approval of National Park Service Task Agreement P19AC00846 and Funding Enhancement of $40,000: Implement Recovery Actions for Endangered Lyon’s Pentachaeta at Four Locations in the SMMNRA:** this Task Agreement was approved by staff because it fell below the threshold for Board approval, but NPS has requested to add funds that will bring it above the threshold needing Board approval. Mr. Hendra discussed the agreement and RCD’s administrative role, after which the Board voted to approve. **Moved/Seconded: Mr. Rosentsweig/Ms. Burnam; approved 4-0.**

**E. Approval of National Park Service Task Agreement P19AC01181 and Funding Enhancement of up to $30,300: Develop and Assess a Long-term Vegetation and Post-fire Monitoring Program for the SMMNRA:** as with the last TA, this Task Agreement was approved by staff because it fell below the threshold for Board approval, but NPS has requested to add funds that will bring it above the
threshold needing Board approval. Mr. Hendra discussed the agreement and RCD’s administrative role, after which the Board voted to approve. **Moved/Seconded: Mr. Rosentsweig/Ms. Burnam; approved 4-0.**

F. Approval of Revised Natural Resources Conservation Service Memorandum of Agreement (MOA) with the RCD: the final MOA added appendices and some references but is otherwise not substantively changed from the version approved in September 2019.
